

Symmetry Version 1.3 (Released Sep 26, 2012)

- Removed Jenn Harder information all together. Just asked to email from now on.
- Multiple email addresses can be used to send error messages.
- Removed the need to specify SMTP server settings.
- More fine grained about what is happening in Progress indicator during download
- Changed progress bar picture
- Place to enter company name for use in sending emails which is better when emailing errors to outside sources.
